What you propose to do

at most 40 lines

We plan to introduce a new course "Foundations of Calculus" for students in grades 10-11. This will be a weekly course running from September 2016 to April 2017.

We also consider running a summer Math Camp.

In 2015/16 we have 430 students participating every week in the activities of Math Enrichment Centre.

Some of our programs are offered free of charge, and some have registration fees (when we hire instructors). We offer fee waivers to all students who would have difficulty paying registration fees.

The Endowment Grant funds will be used for photocopying of instructional material in our programs that are offered free of charge (MathLink, Competitive Math program) and for distribution of promotional materials.

Budget

Use Tab key to navigate

Description	Revenue		
Registration fees	50,000		
CMS Endowment Grant requested	200		
Total Revenue \$	50,200		
	Expenses		
Instructor stipends	49,600
