About CMS

The Canadian Mathematical Society (CMS) is a non-profit organization. The goal of the Canadian Mathematical Society is to promote the advancement, discovery, learning and application of mathematics. The CMS organizes two Mathematics conferences per year, in June and December. Periodically the CMS also organizes national Mathematics Education Forum and joint meetings with other Societies.

About CMS Meetings

Meetings of the CMS are hosted by a local university and bring together some of the most domestically and internationally respected researchers and mathematicians.

The program for the 2016 CMS Summer Meeting will include 16 scientific sessions and 8 plenary, prize and public lectures. The conference provides an excellent opportunity to present mathematically oriented products and services, as well as networking with the mathematical community. Expected attendance is 200-300.
